MAKES AN APPOINTMENT FOR  
MAY 19, 1910.

MAYSVILLE, KENTUCKY, THURSDAY, JUNE 19, 1910.

ONE COPY—ONE CENT.

## MILK LICENSE LAW WILL BE STRICTLY EN- FORCED, SAYS MAYOR

Mayor Russell Says That Everyone  
Selling Milk in Maysville On July  
1st Must Have City License as  
Provided in Ordinance.

Mayor Thomas M. Russell today issued orders that the City Milk License Ordinance, to which Health Officer Rice a few days ago called attention, be enforced rigidly and every person selling milk in Maysville on the first of July must have a city license so to do or they must stand prosecution in the city court as provided in the law adopted by the City Council more than a year ago.

This ordinance is quite a large one and has many sections which are drafted with the idea of protecting the citizens of the city from impure milk. Besides requiring all who sell milk to have a license, the law provides that the dairies from which the milk is sold shall be examined regularly by the Health Officer and impure milk will not be allowed sold to the citizens of Maysville.

Dr. Rice says he is ready and willing to co-operate with the milk dealers selling milk in Maysville just as soon as the ordinance becomes operative but inasmuch as the ordinance was not enforced this year and no licenses were issued by the city these regular inspections will not begin until after the first of July when all will have had an opportunity to procure licenses and when all of the dairymen will have been listed in the city offices.

Milk is said by physicians to be the one food in which disease can be spread most readily and the discovery of persons in the county with typhoid fever and tuberculosis who furnish milk for consumption in Maysville recently caused the Health Officer to call attention to the law.

### PROF. KING FILES

**DECLARATION PAPERS**  
Prof. W. P. King, native of Mason county, Superintendent of the City Schools of Newport, filed with Secretary of State Lewis, on Wednesday afternoon declaration papers for the race for the Democratic nomination for Superintendent of Public Instruction of Kentucky.

Mr. and Mrs. Elmer Beckett have returned to Maysville after a very enjoyable bridal trip and are receiving the hearty congratulations of their many friends.

Messrs. Donald and Clarence Wood, who have been attending college, are home for the summer.

## REYNOLDS PLANT FINE PLACE FOR CHILDREN TO WORK

Superintendent Caplinger Reports to  
State Labor Board on His Investi-  
gation of Local Plant and Re-  
commends Children Work  
There.

Superintendent W. J. Caplinger, who is in charge of the enforcement of the Federal and State Child Labor laws in Maysville, a few days ago at the request of the local courts and the parents of many children, made a careful investigation of the R. J. Reynolds Company's stemmery plant in this city and wrote the State Labor Board asking for a direct ruling as to whether or not children between the ages of 14 and 16 will be permitted to work in the plant during the vacation period.

Prof. Caplinger found the Reynolds plant first-class in every respect. It was one of the most sanitary plants he had visited in Maysville with all accommodations for women and children. He also discovered that the children were not required to work with or near any kind of machinery in their work and these facts were set out in his report to the State Labor Board.

Accompanying his report on the investigation sent to the State Labor Board was a recommendation that children between the ages of 14 and 16 years be permitted to work in this plant during the vacation period and it is expected that a reply from these communications will be received in a very short time.

### COLLEGE STUDENTS GETTING HOME

Many Maysville young men and young women are reaching home this week from the colleges and universities of the country to spend their vacation period here with relatives. Maysville has many sons and daughters in the institutions of higher learning in this and other states.

### MT. OLIVET-MAYSVILLE DAILY BUS SERVICE

Having been awarded the Mt. Olivet-Maysville mail route, I will make daily automobile trips between these towns and will be prepared to haul freight and passengers. Bus leaves Maysville promptly at 11 a. m. each day returning at night. Call Phone 228.

BEN MIDDLEMAN.

### PRAYER MEETING

Regular weekly prayer meeting service will be held at the First Baptist church this evening at the usual hour. The public is cordially invited to attend this service.

## GOVERNMENT WILL MAKE A SURVEY OF OUR WATER SYSTEM

Expert United States Army Sanitary  
Engineer Here to Make Careful  
Investigation of Maysville  
Water System For State  
and Government.

Captain C. M. Harbub, U. S. A., arrived here Wednesday afternoon to begin a complete survey of the Maysville Water Supply at the joint request of the Kentucky State Board of Health and the United States Public Health Service.

Captain Harbub will investigate the local water supply and system from all of its angles and everything that tends to hamper a full and complete supply of pure water being furnished the citizens of Maysville.

The local water situation has been quite a problem for some time. It has occupied the attention of the local, county and state boards of health as well as the United States Public Health Service and had the attention of the last Mason County Grand Jury which recommended the installation of a complete filtering system as the only permanent solution of the water problem for Maysville.

The expert who is here has had much experience in the matter which will have his attention here and expects to make a complete examination of every phase of the water supply system. He will also probably look in to the sewer system of the city as it affects the water supply and at the close of the investigations will file with the State Board of Health as well as with the City Mayor and Board of Council a report covering his findings during his investigations and incorporated in the report will be certain recommendations for the improvement of the water supply.

## LOCAL POLICE LOOK FOR MEN ESCAPING THE NEWPORT JAIL

Four Prisoners Saw Their Way to  
Freedom in Newport Jail at Early  
Hour, Thursday—First Jail  
Delivery at Newport.

Maysville police and all other officers along the Ohio River are today keeping a close look out for four prisoners who escaped from the Newport jail at a very early hour this morning and got away before they were missed by the jail turnkey.

The fugitives are Charles Rick, of Cincinnati, who soon was to serve nine months in Frankfort prison for breaking a railroad car seal; Stanley Hudson, no home, also under nine months sentence at Frankfort for automobile theft, and John Hoover and Harold Clark, homeless men, who have been fined \$1 and costs for trespassing on railroad property. Hoover and Clark were serving out their fine and costs and had but two more days of their five to remain in jail.

Because of the hot weather Jailer McNamara, taking pity on the men, had allowed the prisoners the freedom of "the boat" as the corridor directly in the rear of the northern first floor tier is called.

The four plotters waited till all the prisoners were supposed to retire and then made their way into an unoccupied cell instead of to their proper cells. They had saws which evidently had been smuggled in by visitors and began work on two bars. Lacking oil they used soap to silence the work of the saws. Through an aperture one foot square they wriggled to freedom.

### REMEMBER BAND CONCERT IS TO BE ON FRIDAY

Remember the weekly band concert in the band stand has been changed from Saturday evening to Friday evening. At first the time was changed to Thursday but it has now been moved to Friday and the public is urged to bear this in mind.

### MAYSVILLE IS NOW QUITE AN OIL TOWN

Maysville continues to be quite an oil town and it is understood that much oil business is being transacted here every day. Oil leases are being sold and traded by the wholesale most every day. The establishment of an oil exchange here has been suggested.

### MANY HOGS NOW GOING TO MARKET

Quite a number of hogs are now going to market through Market. They are all fine ones and the price is now said to be at a record breaking figure. Many of the animals are being shipped by river.

Miss Allie Wells arrived last night from Portland, Oregon, to be the summer guest of her parents, Mr. and Mrs. Robert Wells, of East Second street.

Mrs. Bruce Allen of Florida, is visiting friends and relatives in this city.

## DIAMOND RING CASE GOES DIRECT TO GRAND JURY

Paul Campbell, Small Boy Charged  
With Taking Valuable Ring, Placed  
In Parents' Charge Until the  
Grand Jury Meets.

Recovering the diamond ring stolen from the home of Mr. and Mrs. James Riley in East Second street Tuesday evening, displayed quite a bit of detective ability on the part of Officers Tolle and Wells on Wednesday afternoon.

Paul Campbell, the fourteen year old son of Mr. and Mrs. James Campbell, was suspected and while he was swimming in the Ohio river late Wednesday the officers found his clothes along the shore near the foot of Limestone street. His clothes were searched and in his trousers' pocket was found the ring wrapped in the corner of a handkerchief. The boy at the time was swimming along the Ohio shore above Limestone creek.

The lad was arrested later and taken before Chief Ort who placed him in charge of his parents until the meeting of the September Grand Jury when the case will be taken direct to the Grand Jury. The valuable ring was returned Wednesday to the owner.

The boy had taken the ring from a kitchen cabinet in the Riley kitchen when delivering groceries there on Tuesday afternoon and while Mrs. Riley was in the garden it is charged.

### BETTER LIGHT THOSE TAIL LIGHTS ON YOUR CAR

Automobile drivers have been given plenty of warning about not properly lighting their machines and yet there were many out Wednesday evening without their tail lights burning. The police have thus far been very lenient with the public but Chief Ort says this law will be enforced in Maysville and its taking a long chance to go out on the streets without all lights working properly.

### BOOSTING EUBANK'S CANDIDACY

Friends of Prof. R. S. Eubanks, of Lexington, were in Maysville Wednesday and Thursday in the interest of Prof. Eubank's candidacy for the Democratic nomination for Superintendent of Schools. While the editor-educator has many friends in Mason county, it is expected that he will have to look elsewhere for his vote as the Democrats of Mason county will stand solidly behind Prof. W. P. King, Mason county man.

### GAS CONTRACT ORDI- NANCE PUBLISHED

In another part of this issue will be found published the city ordinance embodying the contract with the Maysville Gas Company for gas and electricity for another year. All citizens interested in the contract should read this ordinance carefully.

### STATE CLUB HEAD HOLDS CONFERENCES

Mrs. Lafon Riker, of Harrodsburg, president of the Kentucky Federation of Women's Clubs was in Maysville Wednesday and held several conferences with local club women on the plans of the Federation for the year.

### MASONIC NOTICE

Special communication of Maysville Lodge No. 52 F. & A. M. this evening at 7:30. Work in E. A. degree.

L. H. VEALE, W. M.

C. P. Rasp, Secretary.

Mrs. Robert Newell and son, Robert, left this afternoon for New Orleans, La., called there by the death of Mrs. Newell's son-in-law, Mr. John Janvier.

## NATION-WIDE AUTO THEFT UNEARTHED IN BROWN COUNTY

Portions of Many Automobiles Found  
In Waters of White Oak Creek in  
Neighboring County—  
Arrests Made.

With flood waters in White Oak creek, Brown county, Ohio, carrying down every conceivable part of automobiles, and people finding nearly whole machines in the creek, while other parts are discovered secreted throughout the north-central portion of the county, officials know now positively they have unearthed one channel through which disposal was made of stolen automobiles, through a nation-wide interchange.

Tuesday Sheriff Miller of the neighboring county, went to Mt. Orab, where he placed under arrest William "Doc" Moler, taking him to Georgetown, where, after being taken before Magistrate O'Hara, he waived examination and was bound over to the grand jury in the sum of \$1,000.

The affidavit charges that he received stolen goods. Sheriff Miller has been making an investigation during the past ten days. When he had traced a clue which took him to the covered bridge in the Brown's Chapel neighborhood, and had waded into the waters, found and lifted to the surface and showed certain marks upon the bed of a Ford runabout machine to Allen Curless, of near Hamilton, Ohio, who identified the machine as his own, he knew that he had welded the last link in a chain of evidence which warranted the affidavit, which was brought against Moler.

As the investigation goes forward, proof is established that five machines were taken direct through the organization which resulted in the arrest of Allen Miller, who is now in the Warren county jail, and William Rhoten, now under bond, and Moler, who now has a second affidavit against him. Besides this, there is no end to the number of machines which are known to have been handled through this combination, stolen from other sections and delivered at a price which made their sale ready and the inducement to purchase the revamped machines most alluring.

Sheriff Miller tells of one machine which was so changed that only the radiator was left. Another big machine at Hillsboro was brought from Toledo, and scores of other instances, all of which indicates the number of transactions handled. At nearly every garage visited reports of tires and ac-

## ADDISON BALDWIN WILL LIKELY BE A CANDIDATE

Present Representative Will Probably  
Enter Race in Next Few Days For  
Republican Nomination.

It became known today that the report circulated Wednesday in Maysville that Hon. Addison Baldwin, at present Representative from Mason county, would not make the race for re-election was unfounded and it is also learned that he will likely become a candidate within the next few days.

Mr. Baldwin made Mason county a splendid representative in the state legislature and his many friends are very anxious that he get into the race and be returned to Frankfort for the next term which will probably be one of the most important in years.

Mr. Baldwin's popularity throughout Mason county coupled with his record in the last session of the legislature practically assures him of a re-election.

### WIFE ASKS DIVORCE FROM HUSBAND

Mrs. Ella Mitchell filed suit in the Mason Circuit Court Thursday afternoon from her husband, Charles H. Mitchell. In her petition she sets out as grounds for the divorce, cruel treatment and drunkenness accompanied by a wasting of his estate. The couple was married in this city on September 4, 1913, and have no children. She asks for an absolute divorce from the bonds of matrimony, restoration to her maiden name, Ella Shane, and all proper and special relief.

### CANDIDATE FOR LIEUTENANT GOVERNOR NOMINATION HERE

Hon. W. H. Shanks, of Lincoln county, a candidate for the Democratic nomination for Lieutenant Governor of the state, was in the city today in the interest of his race.

### FUNERAL FRIDAY MORNING

The funeral of Mr. Patrick Walton, who died at his home near Washington late Wednesday will be held from the late home on Friday morning at 10 o'clock and burial will be made in St. Patrick's cemetery at Washington.

Cessories taken are given officers who are making a search of a great scope of country. They are calling upon people who have missed machines or parts thereof to report them, and have the names of "higher ups" who are implicated in this transaction. Whether they reach them or not no statement is made. The officials are astounded at the extent of the operations discovered throughout the country.

## JOHN JANVIER DIES IN NEW ORLEANS FOLLOWING OPERATION

Former Well Known Maysville Man,  
Once Editor of the Public Ledger,  
Dies Following Operation  
This Morning.

Word was received here this morning that Mr. John Janvier had died in a New Orleans hospital at an early hour today following an operation for appendicitis.

Mr. Janvier lived in Maysville for several years and was well known here where he made a great host of friends. He was connected with the tobacco industry here and for some time was editor of the Public Ledger. He was one of the cleverest gentlemen the city has known. He was a Frenchman in blood and a typical Frenchman in manners. A great believer in good fellowship, he had won to himself the friendship of everyone who knew him well.

No further details were received here today except that he had died this morning following an operation. Relatives here had not known that he was suffering from appendicitis and it is supposed it developed rather suddenly.

Mr. Janvier held a very important position in the New Orleans Federal Reserve Bank. He was an expert bookkeeper and highly regarded by his employers.

He is survived by his wife, who before her marriage, was Miss Martha Newell, of this city, and two children, a son and a daughter.

### INVESTIGATION NEEDED

If reports are true on conditions of nights on the Hill City pike, it seems as though officials should make an investigation of behavior in that neighborhood. If necessary some arrests should be made to break up what may prove a serious nuisance.

### OKLAHOMA TO VIR-

**GINIA BY AUTOMOBILE**  
Mr. Joseph Campbell and family, consisting of his wife, four daughters and two sons passed through Maysville today in their large touring car en route from their home in Tulsa, Okla., to Stanton, Va., to spend the summer with relatives.

### BOWLING-DANIEL

Mr. John W. McDaniel, aged 29, and Miss Clara Bowling, aged 22, both of Bowling, were married at the parlors of the Central Hotel this afternoon by Rev. A. F. Stahl.

SALVATION ARMY  
VALIANT IN WAR

Having Served Gloriously in the  
Trenches, Is Coming Back  
From Overseas for Peace  
Time Activities

## ASKS HOME SERVICE FUND

National Campaign to Replenish Resources Depleted by Long and Direct Contact Services With Our Boys Scheduled for June 23-30.

New York (Special).—Like the 2,000,000 American boys whom it served so gloriously in the trenches of France, the Salvation Army is coming back from overseas, ready to put aside its khaki uniform of war service, don again the "Civvies" and embark once more on its normal peace time activities.

And, just like those doughboys, the Salvation Army has come out of the war victorious and with citations for bravery, decorations for gallantry under fire and golden chevrons indicative of honorably won wounds on its arm. The victory which the Salvation Army has won is a victory over the obstacles that lay before it in its purpose of efficient service of the fighters of Pershing's army. Its citations are the thanks, cheers and prayers of 2,000,000 doughboys. Its wound stripes are rightfully golden of hue, for they typify the unselfish way in which the Army threw all its resources—financial, spiritual and moral—into the effort to help the American soldiers in France.

Now the Army is asking the people of Kentucky to give it concrete evidence of the gratitude which has been so loudly, and so willingly expressed. From June 23 to 30 the Salvation Army will conduct in Kentucky a campaign to raise funds for its Home Service Fund. The money is needed both to recoup the fortunes of the Army, shattered by its long service of the soldier and to permit it to carry on the work it has always done on the larger scale which the public now demands. Raising the money by this means, the Salvation Army explains, will eliminate, perhaps permanently, the necessity for the ceaseless solicitation of funds which has been a bugbear to the Army and the public alike. It will permit the workers of the Army, who, forced to devote more than half their time to gathering money, were in consequence

only half efficient in their evangelistic and social service work, to devote all their time in future to the duties for which they have been trained.

The amount of the fund has been determined exactly and logically by means of budgets prepared locally by workers of the Salvation Army in all parts of the state.

Already headquarters for the campaign in charge of Colonel I. Sobel, of Erie, Pa., have been established in Lexington. A ready response in encouragement and cheering wishes for success has been heard from all parts of the state. Men and women prominent in all walks of life have volunteered their services as active participants in the drive. The Army's many loyal rooters—the boys who went overseas in khaki—are all lined up ready to help. The Army not only helped them over there, but it found jobs for many of them after they had been mustered out of service, helped them get the civilian clothing that was necessary if they wanted to take those jobs, fed many of them, gave them shelter and furnished them with transportation to their homes.

For the war service of the Salvation Army is still under way. Its workers are still, many of them, in France, and its huts, clubhouses and hotels for the reception of the boys returning from abroad are in full swing here.

Neither the Salvation Army asserts will its war work be abandoned until the last boy is out of the khaki of the army or the blue of the navy. The larger activities which necessitated the coming campaign will exist and be financed independently of the service of the fighters from abroad.

CARDINAL GIBBONS  
ENDORSES S. A. DRIVE

Venerable Churchman Expresses Hope That \$13,000,000 Will Be Raised

The following letter was addressed to former Governor Whitman of New York state by Cardinal Gibbons:

"Honorable and Dear Sir—I have been asked by the local Commander of the Salvation Army to address a word to you as National Chairman of the Campaign about to be launched in behalf of the above named organization. This I am happy to do, and for the reason that along with my fellow American citizens I rejoice in the splendid service which the Salvation Army rendered our soldier and sailor boys during the war. Every returning trooper is a willing witness to the efficient and generous work of the Salvation Army both at the front and in the camps at home. I am also the more happy to commend this organization because it is free from sectarian bias. The man in need of help is the object of their effort, with never a question of his creed or color.

"I trust, therefore, your efforts to raise \$13,000,000 for the Salvation Army will meet with a hearty response from our generous public. Faithfully yours,

"J. CARD. GIBBONS."

LIVER DIDN'T ACT  
DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadowville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught." Seventy years of successful use has made Theodor's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose All druggists. J. 60

Announcement From New York That Campaign Is Over the Top Is Said To Be Premature.

Lexington, Ky., June 19.—Newspaper reports from New York to the effect that the National drive for the Home Service Fund campaign of the Salvation Army had gone over the top are premature, according to a telegram from National headquarters received by Colonel I. Sobel, State Director, today. The figures of the publications referred to include the estimates for Kentucky and Tennessee in

which the campaigns have not yet been conducted, the Kentucky campaign having been set for June 23 to June 30.

Colonel Sobel today gave out this telegram received from Colonel William Pearl at the New York Headquarters:

"National quota not raised; newspaper reports referred to are misleading. National total only possible, if every section of the country raises its full share of the budget. We are depending upon Kentucky doing her full share, and will be deeply grateful for your fullest support."

Major Ernest B. Ellis, Lexington capitalist and philanthropist, who during the severe winter of 1917-1918, himself organized a movement for the relief of the suffering poor of Lexington, gave the past week hearty en-

dorsement of the work of the Salvation Army. Major Ellis wrote: "In reply to your inquiry, I wish to give my hearty endorsement to the Home Service Fund Campaign of the Salvation Army. In my opinion, it is doing a great work in this country among the poor, as it did a great work among our soldiers in Europe where bullets flew thick on the fighting fronts, relieving the wants of our men without money and without price. If I can do anything for the Salvation Army in any way, command me. Sincerely yours,

"ERNEST B. ELLIS."

Monticello, Ind., June 18.—L. O. Potts, farmer, committed suicide after shooting his sons, Ernest and Everett Potts, 11 and 9 years old.

**TEM ON CERTAIN STREETS IN**  
**SAID CITY.**

**Section 1.**  
**BE IT ORDAINED BY THE BOARD**  
**OF COUNCIL OF THE CITY OF**  
**MAYSVILLE:**  
That Thomas M. Russell, Mayor of the City of Maysville, is hereby authorized and employed to subscribe the corporate name of said City of Maysville, by him as Mayor, and to affix the corporate seal of said City of Maysville, to the following contract, to-wit:

**I.**  
Contract of the Maysville Gas Company with the City of Maysville for the lighting of streets, alleys and public ways with electricity, and for furnishing Electricity and Natural Gas to private consumers; for the construction, installation and maintenance of a white way, or ornamental lighting system on certain streets in Maysville, Kentucky.

It is hereby agreed by and between the City of Maysville, hereinafter designated as the City, and the Maysville Gas Company, hereinafter designated as the Company, that in consideration of the payments by the City as hereinafter set out, said company will furnish to said City for the period of one year from the date of the expiration of the present five year City Lighting Contract, May 29th, 1919, the following number and sizes of Type C Series Mazda Street Lighting Lamps, at the rates named, to-wit:

91—400 c. p. Lamps per year per lamp	\$65.00
40—100 c. p. Lamps per year per lamp	27.00
51—80 c. p. Lamps per year per lamp	22.00
38—60 c. p. Lamps per year per lamp	20.00

It is understood that the above named lamps comprise the present public lighting system of the streets, alleys and public ways of the City of Maysville, and are to remain such in number, size, place of location and style of installation throughout the period of this contract, except as hereinafter set out and provided. The City may, at its option, locate and order additional street lighting units of the above sizes at the rates named, the general type of construction and installation to conform to the pole bracket or center of street suspension type now in use. All poles, lamps, and apparatus of every character and nature connected with or pertaining to said Public Lighting System, or any extensions that may be required, are to be furnished by the Company without cost to the City, and shall remain the property of the Company. Said Company shall pay for, maintain and extinguish all of said lamps without extra cost to said City, and said lamps are to be kept lighted all night every night in the year, schedule approximately 4000 hours.

In consideration of said Company furnishing said lamps and lighting, the City agrees to pay the prices per lamp per year as set out above, in equal monthly installments, the same as other bills against the City are paid. Said City shall have the right to deduct, at the rate per hour of the prices paid, for outages of any lamp or lamps during the time they should be lighted. Credit for said outages, however, shall be given only when the time any lamp or lamps are out shall exceed 1 1/2 hours in continuous duration.

In further consideration of the public lighting contract, the Company

agrees that its rates for electric light to private consumers for the ensuing year shall be as follows:

**Electric Lighting Rates to All Consumers**  
First 30 hours use of Maximum Demand 10c per K. W. hour.  
Second 30 hours use of Maximum Demand 8c per K. W. hour.  
Balance of Consumption 5c per K. W. hour.  
Minimum Bill 75c per month.  
Maximum Demand shall be defined as follows:  
Residences—70% of the Connected Load or sum of the wattage of all lamps connected;  
Commercial—90% of the Connected Load or sum of the wattage of all lamps connected.  
Electrical appliance (other than lamps) designed for domestic use will not be considered in determining the maximum demand.

**Quantity Discounts**  
10% on monthly bills between \$10.00 and \$20.00.  
15% on monthly bills between \$20.00 and \$30.00.  
20% on monthly bills between \$30.00 and \$40.00.  
25% on monthly bills over \$40.00.

**Electric Power Rates**  
Up to 10 H. P. demand, \$1.00 per H. P. Demand, plus 3 1/2c per K. W. hour.  
10 to 30 H. P. demand, \$1.00 per H. P. Demand, plus 3c per K. W. hour.  
Over 30 H. P. demand, \$1.00 per H. P. Demand, plus 2 1/2c per K. W. hour.  
Kind of current to be supplied—110 or 220 Volt, 1 or 3 phase, at the option of the Company, 60 cycle alternating.  
Maximum Demand shall be determined by actual measurement in all power installations based upon a 15 minute interval, except in case of hoists, elevators, welding machines and other installations, where the use of electricity is intermittent or subject to violent fluctuations, which shall be based on a 3 to 5 minute interval.  
Electric Current to all private consumers shall be measured by Watt hour meters. Meters are to be set and changed without charge upon consumers application and all overhead service wires to be run free from the nearest line pole to the point where service enters the building.

In further consideration of the public lighting contract, the Company agrees that its rates for natural gas to private consumers for the ensuing year shall be as follows, to-wit:

**Natural Gas**  
Light, Heat and Power 40c per 1000 cu. ft.  
Minimum Bill 50c per month.  
Prompt payment Discount 5c per 1000 cu. ft., if paid on or before the 6th of the month.

It is expressly understood and agreed, however, that all obligations of the Company to furnish natural gas to the City of Maysville, and the citizens thereof, shall cease and terminate at any time that the Company may be unable to obtain a supply of natural gas from the Columbia Gas & Electric Company.

All gas services are to be run and meters installed by, or under the direction of the Company. All services to private consumers from main to property line are to be run at the expense of the Company, from property line to meter all cost is to be borne by the consumer or property owner. Meters are to be set and removed for cause without expense or charge to the consumer, except where said change of meter is one of location for the consumer's convenience, at which time a charge for cost of material and labor will be made.

It is understood and agreed that the City may provide by ordinance for such test and inspection of gas and electric meters as may be necessary to check up and establish the correctness of measurement of any gas or electric meter used by the Company.

**White Way Lighting System**  
Upon the signing and execution of this contract by the parties hereto, the Maysville Gas Company agrees to order the material, for delivery at the earliest date obtainable, and upon its receipt start work on the construction and installation of a White Way, or Ornamental Lighting System on Second and Market Streets. Beginning at the West side of Wall Street on Second Street, all wood poles belonging to the Maysville Gas Company and Maysville Street Railroad and Transfer Company, now standing on the curb lines of Second Street from the West side of Wall Street to the West side of Limestone Street, and on Market Street from the South side of Front Street to the North side of Third Street, are to be removed, and a double line of tubular steel poles

known as Elreco Combination Rail-way & Lighting Poles, installed. Said combination metal poles are to be set directly opposite on each side of the street, and uniformly spaced, approximately 90 feet apart throughout the distance between the points on Second and Market Streets hereinbefore mentioned. Each pole is to be equipped with a cast iron ornamental base and lamp bracket designed to mount and support the General Electric Company's Form 9 Novalux ornamental lighting unit, enclosing a 400 c. p. Type C Series Mazda Lamp. Fifty-six 400 c. p. lamps are to constitute the White Way Lighting system herein provided for.

The system is to be lighted every night from dusk until 11:30 p. m., and so wired overhead that any lamp, at street intersection or in between, as may be designated by the Light Committee of City Council, may be connected on the regular all night street lighting circuits and burn from dusk to daylight on the regular street lighting schedule.

It is further understood and agreed that immediately upon the completion of the installation of the White Way system, and the first lighting thereof, a new schedule of prices per lamp for all street lights will go into effect, and thereafter, until the end of the term of this contract, all monthly bills will be rendered to the City in accordance with same. Said new schedule will be as follows, to-wit:

400 c. p. Lamps on White Way system, shut off at 11:30 p. m., \$50.00 per lamp per year.  
400 c. p. Lamps on White Way and Regular street lighting system, lighted all night, \$55.00 per lamp per year.  
100 c. p. Lamps, all night system, \$22.00 per lamp per year.  
80 c. p. Lamps, all night system \$20.00 per lamp per year.  
60 c. p. Lamps, all night system, \$10.00 per lamp per year.

It is understood and agreed that a plan showing the location and uniform spacing of the ornamental poles and lamps forming the White Way shall be made by the Company, by and with the assistance and advice of the District Lighting Specialist of the General Electric Company and a representative of the Electric Railway Equipment Company; that said plan shall be submitted to the Lighting or Internal Improvement Committee of the City Council for their criticism and approval. That when said plan is so approved by said Committee or Committees, it will be the purpose and duty of the Committee of Council designated by Council to have supervision of the work, and of the Company to so carry same out; that no change will be made not absolutely necessary and unavoidable that will in any way mar or obstruct the general distribution of light and ornamental effect that it is the joint purpose herewith to obtain. That the plan and method of carrying out the construction and installation of the White Way undertaken by the Company shall be subject to the general supervision of the Committee designated by Council.

**IN WITNESS WHEREOF,** the parties have hereunto subscribed their names and fixed their corporate seals, this 17th day of June 1919.

**CITY OF MAYSVILLE.**

**THOMAS M. RUSSELL, Mayor.**  
**MAYSVILLE GAS COMPANY.**  
**HORACE J. COCHRAN, President.**

**Section 2.**  
This ordinance shall be in full force and effect from and after its passage and publication. All ordinances and parts of ordinances in conflict herewith are hereby repealed.

Adopted 17th day of June 1919.  
Published 19th day of June 1919.

## MEN COMING HOME RAPIDLY FROM NOW ON

War Department Announces That An Average of 14,500 Men a Day Will Be Returned From Europe.

County Agent George Kirk has just received the following official communication from the Federal Department of Agriculture:

The War Department, through General March, has announced that, during each coming month, there will be returned to this country and to private life 445,000 of the troops still enrolled. This is an average of about 14,500 per day. Colonel Arthur Woods, recently appointed Assistant to the Secretary of War, has been charged particularly with the duty of looking after the interests of the returning soldiers; and all officers and employees of the Department should cooperate with him in this undertaking to the fullest possible extent. The task is one of far-reaching importance during the period of transition from a war to a peace basis and should command the active interest and support of all thoroughgoing Americans who naturally wish to see that those who served the Nation in the war for American rights and civilization are given every assistance in securing useful employment.

The members of the field force of the Department, especially, can in many instances, without undue interference with the performance of their official duties, render helpful service by locating positions in their communities which returned soldiers are qualified to fill and by putting soldiers in touch with such returned soldiers are qualified to fill and by putting soldiers in touch with such positions. A great deal already has been done in this direction, but much more remains to be done. Additional efforts will have to be put forth if complete success is to be secured in reintroducing the soldier and sailor into peaceful industry. Find out how many men may be required in your community; ascertain specifically what qualifications are necessary; inquire as to the rates of pay, and then transmit this information, preferably in writing, to the local bureau for returning soldiers and sailors, to the nearest United States Employment Agency, or to the State farm-help specialist. In order that the matter may be properly followed up, a carbon copy of the letter giving this information should be forwarded direct to Colonel Arthur Woods, Assistant to the Secretary of War, War Department, Washington, D. C.

I am sure that all the members of the Department of Agriculture will do everything in their power to aid in this nation-wide movement.

D. P. HOUSTON, Secretary.

## Why Central Can Not Answer Questions

The duty of the switchboard operator is to answer your number calls and get connections for you.

If she stopped to answer questions, the number of calls would pile up and the service would be delayed; this would be an injustice to the other subscribers.

When in response to a question, the operator says: "I will give you Chief Operator", she is obeying her instruction.

If you cannot find what you want in the telephone directory, ask the operator for "Chief Operator" and she will connect you with the "Chief Operator" where your questions will be promptly answered.
